STUDIERENDEN
WERK

Hey there! We are 'das Werk'.

Here in one of Germany's most popular cities, we assist students in their everyday university lives. So you can focus on your studies. We are your central point of contact for questions about money; we can help you find housing, and we serve you fresh-cooked food in our canteens and bistros every day.

It makes your time at university easy.

Affordable housing near the university

Housing

We assist with your search for housing and help you find a suitable place to live – in one of our flats, shared flats or dormitory rooms, with student-friendly rental fees. Or through *Mein Zuhause in Köln*, our exchange for private rooms. Incidentally, we also offer advice and tips on relocating and finding a place to live.

Counseling, children and social offers

Counseling

[KSTW.DE/EN/COUNSELING](https://kstw.de/en/counseling)

In case of personal problems or difficulties in your studies, feel free to contact us. You can turn to our psychological counseling or learning guidance services in a broad range of topics. Our social counseling service is ready to answer questions on social insurance, student jobs and a lot more. Any counseling we provide is strictly confidential.

Studying with a child? Sure!

Children's daycare

With our support, your degree and child(ren) can be accommodated even more effectively. Because we are dedicated to looking after your offspring while you are in the lecture hall. Since our daycare centers are located in the immediate neighborhood of the universities, you will always be nearby.

Costs of study

Financing

Our finance experts know the answers to your money questions and will advise you on ways of financing your studies. We assist you on your way to BAföG and Daka loans and provide you with information about KfW loans for university studies or a scholarship.

STUDENT-FINANCING*

Tip: Simply scan the QR codes with your smartphone for more information about the topic of interest.

A study break in the canteen

Food service

[KSTW.DE/EN/GASTRONOMY](https://kstw.de/en/gastronomy)

A hot coffee and between-meal snacks or a healthy lunch for a big appetite – offerings in our canteens, bistros and coffee bars change daily and are available at affordable, student-friendly prices. All dishes are freshly prepared for you, with lots of regional and organic ingredients. Of course this includes vegetarian and vegan meals, too.

International students

Info, events & culture

The work we do aims to promote intercultural encounters, information and networking. We organize cultural and international events and provide information about topics such as the right of residence or the labor market. To achieve this, we cooperate with universities, student organisations and the city of Cologne, among others.
